

New ACUTA Benefit:
Institutional Members May Now Name Unlimited Personnel to Member Roster

ACUTA school members may now name as many personnel to their membership roster as desired. All newly named representatives will receive the same membership benefits enjoyed by all current members, including access to members-only sections of the ACUTA website; subscriptions to the *ACUTA Journal*, *eNews*, and *Leg/Reg Update Newsletter*; and access to the new online ACUTA Community.

Each member campus will still have one primary voting member who is authorized to add new individuals to the roster. If you would like to recommend that someone on your campus be named to the membership roster for your institution, please contact the primary voting member for your institution and ask that they contact [Michele West](#) or [Amy Burton](#). Both Michele and Amy can also be reached at the ACUTA office, (859) 278-3338, and can assist with any changes to membership rosters.

There is a lot more to ACUTA membership than just this new benefit. To review the full list of benefits, please click [HERE](#). This PDF also includes instructions on how to take advantage of many of our online resources.

Please contact Michele West or Amy Burton with any questions regarding the newest ACUTA member benefit or with any other questions you may have.
